

Good news to share with your parents –

The email notification feature is now available in ParentVUE. After logging into ParentVue, the parent will click the 'My Account' tab.

On the next screen, the parent can set up notifications for Attendance, Grades or request to be notified if a student's grade drops below a certain percentage.

A screenshot of the 'Auto Notify' settings page in ParentVue. The page title is 'Auto Notify: Check the events below for which ParentVUE will e-mail information to you when an event occurs for any of your children.' There are three checkboxes: 'Attendance' (Notify me when my child is tardy or misses a class), 'Grades' (Notify me when my child's current term grades are posted), and 'Grade Book' (Notify me with my child's gradebook scores). Below these is a 'Send Messages Every' dropdown menu set to 'Sunday' and a checkbox for 'Only Send Messages when Grades are below: %'. At the bottom, there are five email address input fields labeled 'Primary Email', 'Email #2', 'Email #3', 'Email #4', and 'Email #5'. The 'Primary Email' field contains the text 'jessicawells@gmail.com'.

Please share this information with your parents.
